Tudor Risk Services Sets Plans for Growth

Woburn, MA – March 3, 2009, Tudor Risk Services, a boutique insurance brokerage firm, sets plans for growth. The company has leased 7,000 square feet of office space at 300 TradeCenter 128 with Cummings Properties.

The new location will allow the company to implement its growth strategy and provide modern facilities for employees and clients, at one of the most premier and environmentally friendly office buildings in the Boston area.

“This new building is the perfect solution for our rapid growth strategy,” said Peter Lennon, President at Tudor Risk Services. “We found this building to be the best in the area to help spur our growth. Not only will the location allow us to hire additional employees to meet the demands of our insurance brokerage firm, but it will allow us to build on our reputation of being a one-of-a-kind, innovative and eco-friendly company.”

Lennon also commented on the exceptional service Cummings Properties provided them. “The representatives at Cummings Properties couldn’t have been more helpful in providing what we needed. They are a pleasure to work with and I look forward to working with them as we grow in this location,” continued Lennon.

“We are delighted to have assisted Tudor Risk Services in finding the perfect location for its growth strategy,” said Derek Cook, Leasing Director at Cummings Properties who represented it in the leasing transaction

TradeCenter 128 is an approximately 550,000 square foot office complex directly facing Route 128/Interstate 95 and only 11 miles from downtown Boston. The office park houses the Middlesex County Superior Court and offers numerous amenities, with many restaurants and retail stores located within minutes on the Woburn/Burlington line.
